

Beautifully simple,  
simply beautiful –  
Scanning never  
was better

**zeta**

**Perfect shape. Perfect scan.**

# The zeta – Unpack, switch on, get started

The ideal multifunctional system for everything and everyone

Historical books, new books, magazines, files, ring binders, contracts, balance sheets or land-use plans – there is almost nothing that you cannot digitize or copy with the zeta. It doesn't just deliver excellent images and data, it also looks pretty good and is incredibly easy to operate. That makes the zeta the ideal multifunctional system for digitizing and copying in libraries, archives, universities, schools, as well as authorities, copy shops, banks, insurance companies, legal offices and media companies

## How to plug'n'scan

Simply unpack the device, plug it in, put in the original document and off you go. The zeta delivers high-quality data with the highest resolution in no time flat. You have free choice for data output. You can check, print or mail your data, save it on the USB stick, send it to your Follow-me application, provide it for download via FTP, or save it in the cloud. This is how you save paper and help protect the environment today.

## Perfectly straight, not crooked or askew

The book is on its back with zeta and is scanned very carefully from the top. Simply turn the page after every scan. Distorted letters in the book fold or bent plots are automatically straightened by the software Perfect Book 3.0, as are original documents that are positioned crookedly. You can preview each scan on the high resolution touch screen display in full-HD-resolution (1920 × 1080 px). Faulty scans are a thing of the past. You have a choice of the zeta with or without convenient book cradle.

compact and functional

revolutionary design

convenient operation

### The advantages at a glance:

- Plug'n'Scan
- independent of ambient light due to white reference check
- no glare for users
- full HD resolution (1920 × 1080 px)
- 24" touchpanel PC unit, interactive and intuitive
- brilliant color rendering
- high scanning speed, short scanning cycles
- high depth focus, high quality output data
- preview function for quality control
- follow-me solutions
- multilingual user menu
- flexible interfaces
- Perfect Book 3.0 – scan technology for a perfect book curve correction
- remote maintenance and remote administration
- energy efficiency – in line with Energy Star

## Technical data

zeta

<b>Input and output</b>	
Scan format	max. 480 × 360 mm (19 × 14 inch)
Scan mode	color, grayscale, b/w
Resolution	300 dpi, 600 dpi as an option
Software interface	24" touchpanel PC unit, interactive and intuitive
Operating system	WIN 10 IoT LTSC (embedded version)
Hard-disk	SSD
Output file formats	TIFF, Multipage TIFF, PDF, Multipage PDF, JPEG, PNG
Output Delivery	two USB 3 outputs, Scan2network, Scan2e-Mail, Scan2mobile, Scan2Cloud, Scan2DeliveryService
<b>Specifications</b>	
Standard color	silver gray
Dimensions (w × d × h) with touch panel	870 × 633 × 629 mm (34 × 25 × 25 inch)
Installation surface with touch panel	818 × 530 mm (32 × 21 inch)
Weight	approx. 25 kg
Connection values	100–240 V / 50–60 Hz
<b>Additional options</b>	
Version zeta comfort	with convenient book cradle for book thickness up to 100 mm (4 inch), bookholder kit 140°–90° and footswitch USB for starting the scan
<b>Software modules</b>
