

M3000 PRO SERIES BOOK SCANNER

Equipped with a 48-megapixel HD camera and CZUR's patented smart AI algorithm, along with multiple proprietary software functions, the M3000 Pro V3 stands out as the top choice in the CMOS book scanner category.

SPEED SCANNING

- Smart Tilt Correction
- Auto-Cropping
- Auto-Flattening
- Finger Cots Removal

EFFICIENT OCR TECHNOLOGY

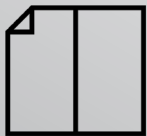

- Transfer into editable files
- Support more than 180 languages

BATCH EDITING FUNCTIONS

- Change Color Mode
- Add Watermark
- Detect Blank Page

INTELLIGENT SCANNER

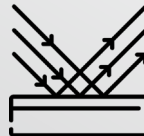

- Auto-Side Combination
- Auto-Enhance Mode
- Antiquarian Mode
- Hole Filling Features
- Multi-Target Paging

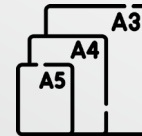

1.2S DUAL PAGES

48MP HD CAMERA

ANTI-REFLECTION

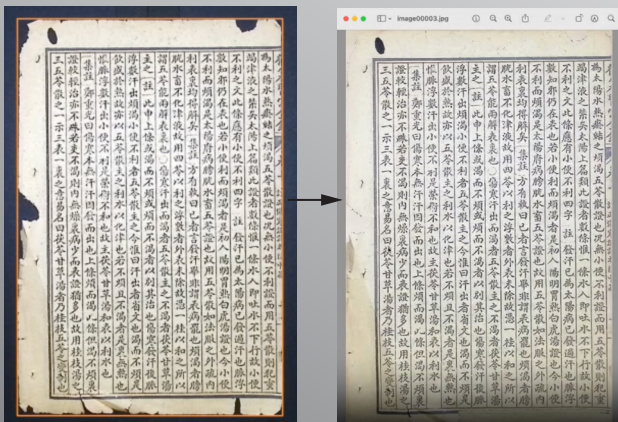

UP TO A3 SIZE

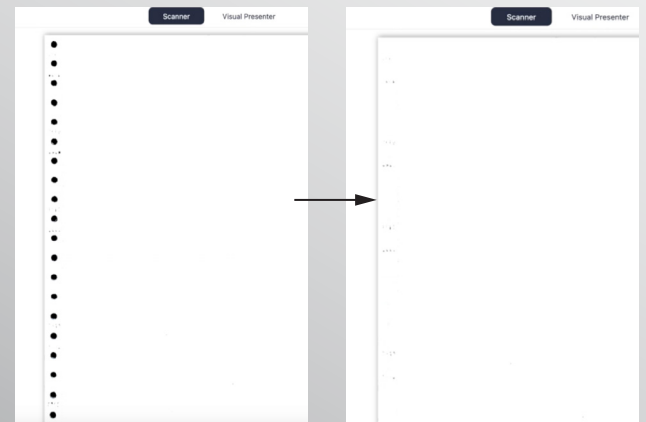

OCR

DEFECTIVE PAGE WILL BE REPAIRED

FILL AND REMOVE HOLES

M3000 PRO SERIES BOOK SCANNER

The M3000 Pro will facilitate the development of a **digital library**, digitize a diverse range of archival materials, and support various industries, including **law firms**, **government agencies**, and the **finance sector**.

M3000 Pro V3 Parameters

Sensor	HD CMOS
Camera	48 Mega Pixels
DPI	470
Resolution	7936*5952
Scanned File Output Format	JPEG, PDF, Searchable PDF, TIFF, Word, Excel
Maximun Scanning Size	480×360 mm (18.89×14.17 in) Ref.: A3 (420×297 mm)/ (16.5×11.7 in)
Video Output Format	MJPEG, YUV
HDMI for Live Screening	Support, HDMI 1.4
USB Port	2.0 High Speed
Power Supply	External Adapter Input 100-240V 50/60HZ; Output 9V/1.5A
PC Configuration Requirements	WinOS 7/8/10/11/XP SP3 and more; MacOS 10.13 or later version
Software Development Kit	Support
TWAIN Driver	Support
Scanner Dimension	375*220*390mm (L*W*H)
Scanner Net Weight	4.5 KG
