

# LARGE-FORMAT AND OVERSIZED MEDIA SCANNING SERVICES

## PRODUCTION-VOLUME DIGITIZATION OF MAPS, BLUEPRINTS, SCHEMATICS AND MORE

The Crowley Company has been providing large-format and oversized media scanning services throughout its four decades as a digitization solutions provider. Using distinctly specialized hardware and the experience of highly-trained imaging staff, any size or format media can be captured to client's exact specifications.

### Media Preparation

- If stored in rolls, the material is gently flattened before scanning
- If fragile, materials are placed into mylar sleeves for protection during scanning

### Additional Output and Service Options

- Optical Character Recognition (OCR) for full text searches
- Metadata additions
- Delivery via FTP external drives for customer post-processing
- Manual indexing
- XML and Prism conversions
- Document management solutions
- Inventory assessment
- Image quality consultations

### The Crowley Advantage

The Crowley Company is the only firm in the industry that manufactures and distributes scanners, puts them to use in-house and supports them globally. This unique ability to embrace the full life cycle of digitization services allows the Crowley team of professionals to understand, accept, adapt, foresee and react to any collection digitization challenge.

### Capture and Output Options

- 200-400 dpi
- Output to TIFF, JPG, and PDF
- Other file formats available upon request

### Material Formats

- Newspapers
- Posters
- Maps
- Blueprints and schematics
- Other oversized media up to 60 in/1066 mm in width and no maximum length
