

LARGE-FORMAT AND OVERSIZED MEDIA SCANNING SERVICES

PRODUCTION-VOLUME DIGITIZATION OF MAPS, BLUEPRINTS, SCHEMATICS, AND MORE

The Crowley Company has long been an industry leader in large-format and oversized media scanning services, preserving materials ranging from maps to posters to blueprints. Using specialized scanning technology and the expertise of highly trained imaging professionals, we capture media of any size or format to precise client specifications while ensuring that each collection is returned in the same condition in which it was received.

Material Formats

- Newspapers
- Posters
- Maps
- Blueprints and schematics
- Other oversized media up to 60 in / 1066 mm in width and no maximum length

Media Preparation

- If stored in rolls, the material is gently flattened before scanning
- If fragile, materials are placed into mylar sleeves for protection during scanning

Capture and Output Options

- 200-400 dpi
- TIFF, JPG, and PDF
- Additional file formats available upon request

Additional Output and Service Options

- Optical Character Recognition (OCR) for full text searches
- Metadata creation and manual indexing
- XML and Prism conversions
- FTP or external drive delivery for customer post-processing
- Document management solutions
- Inventory assessment
- Image quality consultations

Guideline-Compliant Capture

Using Zeutschel scanners, Crowley can capture fragile, bound or large-format collections to the Federal Agencies Digital Guidelines Initiatives (FADGI), Metamorfoze and ISO guidelines to create digital images that are measurably accurate to the original.
